

PRODUCT DATASHEET

Disinfection - Hand / skin care

Lysoform ACO-care sensitive

Regenerating, protective skin lotion - hygienically safe,
economical, resource-saving

Lysoform ACO-care sensitive

pH value (Concentrate): 5–6

Important ingredients:

Water, Skin care additive, Lipid regulator, Preservatives

APPLICATION

Nurturing and regenerating skin lotion for hands and body. Quickly absorbed emulsion with neutral pH for the skin. Protects the skin during work with water and gloves. In hygienic disposable sachets with dosing pump. Unscented, no colourants. Regenerates the skin environment which is changed by washing and restores the skin's acid mantle.

PROPERTIES

- Quickly absorbed
- Lipid regulating
- pH balanced
