**Surface maintenance cleaning**

0.04 l/10 l

**Maintenance cleaning floor cleaning**

0.08–0.15 l/10 l

**Initial treatment**

0.3 l/10 l

METHODS  
finder

**APPLICATION**

- For maintenance cleaning of sanitary facilities, washable surfaces (heavily used WCs, sanitary porcelain, tiled walls, etc.)
- Removal of urine odours in underpasses, access tunnels and passages
- Microbiological degradation of malodorous substances

**PROPERTIES**

- pH-neutral
- Lightly scented
- Odourless

**GOOD TO KNOW**

- The initial treatment procedure may need to be performed more than once where unpleasant odours are particularly strong
- Can be used undiluted in drains (min. contact time 1 h)
- The product must not be used nor mixed with acid-based cleaners or disinfectants
- Do not use in the presence of food

**PLEASE NOTE**

- Shake well before use

**RECOMMENDED APPLICATION METHOD**

**Odour removal**

Remove any loose dirt by means of dust-binding mopping/dry vacuuming. Apply the cleaning solution to the surface using a mop. Where appropriate, apply the cleaner using a spray (wear mouth protection!)

**STORAGE**

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

*Durability (unopened): 24 Month*

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
