Wetrok Caletin

Highly acidic WC cleaner that removes limescale and urine scale effectively

Wetrok Caletin

pH value (Concentrate): 0–1

Important ingredients:

Surfactants, Acids, Fragrances, Colourants, Thickening agents

Recommended dosage:

Maintenance cleaning

Undiluted

METHODS
finder

APPLICATION

- For cleaning washable and acid-resistant materials
- For cleaning toilet bowls/urinals
- For removing limescale and urine scale
- Red colouring protects against accidental misuse

PROPERTIES

- Foaming
- Highly acidic
- Lightly scented
- Thick consistency - adheres well to vertical surfaces

PLEASE NOTE

- Not suitable for acid-sensitive surfaces (marble, enamel on washbasins, bathtubs, etc.)

RECOMMENDED APPLICATION METHOD

Descaling WC bowls/urinals

Using the applicator bottle, squirt WC cleaner under the lip of the WC or urinal. Use the WC brush to distribute the cleaner, allow the product to take effect without letting it dry. Use the WC brush to remove any heavy soiling (wet scrubbing). Then rinse.

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

Durability (unopened): 24 Month

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
