Wetrok Decalex

pH value (Concentrate): 0–1

Important ingredients:

Acid, Surfactants, Chelating agents

Recommended dosage:

Descaling

0.5 l water + 0.1 l Decalex

METHODS
finder

APPLICATION

- High-performance descaler for small kitchen appliances
- Contains fruit acids and has a very eco-friendly acid profile
- For descaling and cleaning washable, acid-resistant surfaces (e.g. kettles, coffee makers, pans, pots, etc.)
- Suitable for the food sector, as the product contains no scent or colourants

PROPERTIES

- Highly acidic
- Non-foaming
- Unscented and without colourants

PLEASE NOTE

- Not suitable for acid-sensitive materials (limestone, marble, clinker, aluminium, etc.)
- Please refer to the safety data sheet for further information

RECOMMENDED APPLICATION METHOD

Descaling (by hand)

Fill the water tank with the mixture. Let it run through 2 cycles without contact time, then discard. Fill the tank with clean water and rinse. If necessary, repeat the rinsing process with fresh water.

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

Durability (unopened): 24 Month
