**METHODS
finder**

APPLICATION

- High-performance limestone remover for cleaning washable and acid-resistant surfaces and floor coverings
- The product has a gel-like consistency, allowing it to adhere well to surfaces
- Particularly suitable for vertical surfaces
- For removing cement residues and efflorescence on clinker floors
- Particularly suitable for outdoor and indoor pools

PROPERTIES

- Highly acidic
- Lightly scented
- Thick consistency

GOOD TO KNOW

- The exterior of sanitary fittings must not be warm when cleaning

PLEASE NOTE

- Not suitable for acid-sensitive surfaces (limestone, marble, clinker, aluminium, etc.)
- Moisten non acid-resistant grout material with water before use

RECOMMENDED APPLICATION METHOD

Wet wiping (by hand), without rinsing

Wash the dirty surface with cleaning solution. Wet scrub using a suitable hand pad or brush. Use a cloth to remove the dissolved dirt and the remaining cleaning solution and use a clean cloth to dry if needed.

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

Durability (unopened): 24 Month

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
