

PRODUCT DATASHEET

Kitchen cleaning - Basic cleaners

Wetrok Gastroforce

High-performance cleaner with excellent emulsification properties; suitable for machine use. The right choice for challenging cleaning tasks on surfaces and floor coverings in kitchen areas

Wetrok Gastroforce

pH value (Concentrate): 11–12

Important ingredients:

Surfactants, Solvents, Soap, Defoamer

Recommended dosage:

Maintenance cleaning

0.05 l - 0.1 l / 10 l

Intermediate cleaning

0.2 l - 0.4 l / 10 l

Deep cleaning

1 l / 10 l

METHODS
finder

APPLICATION

- For removing oily and greasy animal and vegetable soiling of all kinds
- For cleaning alkali-resistant, solvent-resistant and washable surfaces (stainless steel, ceramic, etc.) and floor coverings (PVC, natural and artificial stone, clinker, etc.)
- Developed for manual and machine cleaning in the foodstuffs industry (kitchens, canteens, butcheries, production plants and factories, etc.).

PROPERTIES

- Excellent emulsification properties
- Contains solvents
- alkaline
- Non-foaming
- Unscented

GOOD TO KNOW

- Use with cold water

PLEASE NOTE

- Rinse all work implements as well as the tank and conduit systems of scrubber-dryers with clean water after use
- Not suitable for cleaning alkali-sensitive or solvent-sensitive surfaces

RECOMMENDED APPLICATION METHOD

Scrub drying in a single work step

Pour the cleaning solution into the fresh water tank. Remove any loose dirt by means of dust-binding mopping/dry vacuuming. Scrub-dry the floor covering thoroughly with a scrubber-dryer and a suitable pad or brush.

Wet mopping, single work step

Remove any loose dirt (e.g. dust-binding mopping/dry vacuuming). Soak the mop with cleaning solution, wring it out well, or use a pre-wetted mop. Wet mop the floor covering.

Wet wiping (by hand)

Wash the dirty surface with cleaning solution. Wet scrub using a suitable hand pad or brush. Use a cloth to remove the dissolved dirt and the remaining cleaning solution. Rinse the cleaned surface with clean, cold water and wipe it dry as needed.

STORAGE

Store in original container at 15 to 25°C with good ventilation and protected from sunlight. Keep container closed when not in use. Protect against frost.

Durability (unopened): 24 Month
