

# PRODUCT DATASHEET

WC cleaning - WC cleaner

## Wetrok Granubowl

Innovative, highly acidic WC cleaner in granulate form

# Wetrok Granubowl

## APPLICATION

- Highly acidic basic WC cleaner for removing limescale and urine scale as well as other soiling
- For basic cleaning of washable and acid-resistant surfaces (WC bowls)

## PROPERTIES

- Highly acidic (in application solution)
- Pre-portioned cleaning granulate
- High-lather
- Dyed blue
- Biodegradable in accordance with OECD 302b

## GOOD TO KNOW

- Ideal for moderate to high water hardness

## PLEASE NOTE

- Not suitable for acid-sensitive surfaces (limestone, marble, clinker, aluminium, etc.)

## RECOMMENDED APPLICATION METHOD

### Descaling WC bowls/urinals

Open the stick, flush the WC and scatter the cleaning granulate in the wet bowl, allow it to take effect. Then scrub with a wet WC brush. If necessary, froth up the resulting cleaning solution in the WC bowl, apply under the edge of the WC and scrub with water. Then rinse.

## STORAGE

Store the sticks in the original container at 15 to 25°C in a dry place.

*Durability (unopened): 48 Month*

**pH value (Concentrate): -**

### Important ingredients:

Surfactants, Acid, Colourant

### Recommended dosage:

1 stick per toilet
