Undiluted

METHODS
finder

APPLICATION

- The cleaning spray for removing solvent-soluble stains
- For spot-cleaning textile floor coverings (by dabbing)
- For removing solvent-soluble soiling (desk marks, traces of paint, tar, etc.)
- Suitable for textile floor coverings and upholstery

PROPERTIES

- Odourless
- Colourless
- Not water-soluble
- Contains solvents

GOOD TO KNOW

- Suitable for use on colour-fast upholstery
- Also available as Karopthek kit

PLEASE NOTE

- Shake well before use
- Before using the spray, please make sure the textile surface is compatible with the cleaning agent

RECOMMENDED APPLICATION METHOD

Stain removal (dabbing method)

Spray on the stain, gently pat in the product with a soft brush if needed. Allow the product to take effect without letting it dry! Dab the dissolved stain from the outside in (without rubbing), using a clean, absorbent tissue/cloth.

STORAGE

Store in original container at 15 to 25°C. The container is pressurised. Protect from direct sunlight and temperatures over 50°C. Even after use, do not open using force and do not burn.

Durability (unopened): 24 Month

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
