METHODS
finder

APPLICATION

Skin-friendly, dermatologically tested foam soap. Very economical thanks to optimum foaming. Ideal for daily use in office bathrooms and other public facilities. Lightly scented, no colourants, no microplastics, pH value of 5.5.

PROPERTIES

- Colourless/clear
- Dermatologically tested
- pH balanced
- Lightly scented
- No microplastics

GOOD TO KNOW

- Less soap is needed as it is foamed with air, making it skin-friendly due to a reduced use of surfactants on the skin
- Before starting work, before and after breaks, before and after visiting the toilet, and after finishing work: lather hands with soap, leave for a short while to take effect, rinse well and dry thoroughly (using paper towels)

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use. Protect against frost.

Durability (unopened): 24 Month
