METHODS
finder

APPLICATION

- Maintenance cleaner for high tread safety - DIN 18032
- For maintenance cleaning and care of washable floor coverings (PVC, natural and artificial stone, clinker, linoleum, oiled wood floors, natural rubber, etc.)

PROPERTIES

- Low lather
- pH-neutral
- Non-coating
- Lightly scented
- Conforms to DIN 18032

GOOD TO KNOW

- For cleaning and care of gymnasium floors (max. dosage 2%)

RECOMMENDED APPLICATION METHOD

Scrub drying in a single work step

Pour the cleaning solution into the fresh water tank. Remove any loose dirt by means of dust-binding mopping/dry vacuuming. Scrub-dry the floor covering thoroughly with a scrubber-dryer and a suitable pad or brush.

Wet mopping, single work step

Remove any loose dirt (e.g. dust-binding mopping/dry vacuuming). Soak the mop with cleaning solution, wring it out well, or use a pre-wetted mop. Wet mop the floor covering.

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

Durability (unopened): 24 Month

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
