

# PRODUCT DATASHEET

Disinfection - Wipe-down surface disinfection

## Wetrok SintoClean HN

Aldehyde-free disinfectant for a wide range of applications on alkali-resistant surfaces

# Wetrok SintoClean HN

**pH value (Concentrate):** 12.5–13.5

**Important ingredients:**

Surfactants, Biocide, Solvents

**METHODS**  
finder

## APPLICATION

- Disinfectant based on quaternary ammonium compounds
- For disinfection of washable and alkali-resistant surfaces and floor coverings (PVC, natural and artificial stone, clinker, etc.)
- Suitable for use in the public healthcare sector, the food industry and feedstuffs sector (avoid direct contact with foodstuffs)

## PROPERTIES

- Bactericidal (incl. salmonellae)
- Fungicidal (C. albicans, A. brasiliensis)
- Virucidal (incl. norovirus and rotavirus)
- Alkaline, low lather
- Unscented

## GOOD TO KNOW

- A 2% application solution and 5 minutes of contact time are recommended for routine disinfection of surfaces (inactivation of bacteria, yeast fungi and enveloped viruses).
- Any disinfected surfaces that come in direct contact with food must be rinsed repeatedly with fresh, drinking quality water after the recommended contact time.

## PLEASE NOTE

- Treat smooth (non-porous/non-absorbent) materials only
- Avoid direct contact with foodstuffs
- Do not decrease contact times and observe specific contact times

## RECOMMENDED APPLICATION METHOD

### Surface disinfection with disinfection cleaner

Disinfect the surface in a single work step, using a pre-wetted or lightly wrung-out mop, applying light pressure. Apply a sufficient amount of disinfectant. The entire surface must be wetted. Observe the contact time. Wear gloves!

## DOSAGE AND APPLICATION TIME

Effectiveness	Testing methods	Dosage (%)	Contact time
Bactericidal, yeasticidal	EN 13624	2	5 min
	EN 13697		
	EN 13727		
	EN 16615		
Fungicidal	EN 13624	4	60 min
	EN 1650		
	EN 16615		
Limited virucidal activity	EN 14476	3	5 min
	EN 16777		
Norovirus	EN 14476	5	30 min
	EN 16777		
Virucidal	EN 14476	5	60 min
	EN 16777		

## STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use. Protect against frost.

*Please refer to the product labels for information about the shelf life before opening.*
