METHODS
finder

APPLICATION

Quick absorbing and lipid replenishing skin cream. Prevents dry skin. Certified environmentally friendly (Nordic Ecolabel). Scented. Suitable for use in industrial environments, care homes, hospitals, etc. Packaged under sterile conditions in a disposable sachet with dispensing valve.

PROPERTIES

- moisturising
- high lipid replenishing effect
- no colourants
- scented
- dermatologically tested

GOOD TO KNOW

- perfect for dry and sensitive skin, suitable for use on the whole body
- high hygiene standard due to air-tight sachet system with integrated dispensing valve
- the collapsing sachets ensure ideal emptying (>98%) for optimized use of the product contents and reduced waste
- the tare weight of a 700 ml sachet is only around 11 g in comparison with a traditional dispenser bottle with a weight of around 70 g

PLEASE NOTE

- compatible only with 700 ml Sterisol dispenser system

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use. Protect against frost.

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
