Maintenance cleaning

0.05 l/10 l

Intermediate cleaning

0.1–/10 l

METHODS
finder

APPLICATION

- For cleaning windows and glass surfaces including their frames (using a window washer)
- Very effective moistening of the glass surface
- Permits the window cleaner to glide perfectly when wiping off the cleaning fluid

PROPERTIES

- High-lather
- pH-neutral
- Unscented
- Solvent-free

PLEASE NOTE

- Excessive dosage will cause streaks

RECOMMENDED APPLICATION METHOD

Window cleaning

Remove cobwebs with a ceiling brush and dry vacuum the contours in the window frame. Cover the floor surface and window ledge. Wipe down window frames and contours with a damp cloth. Wash the glass surface with the cleaning solution using the wetting tool. Wipe down the glass surface with a window wiper. Dry off water splashes and damp edges with a clean, dry cloth.

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

Durability (unopened): 24 Month

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
