

Drivematic Delight|Delarge: Amazing highlights

- Ride-on machines – for cleaning large areas as efficiently as possible
- Compact dimensions and a tight turning circle – perfect for elevators and tight corridors
- Extra quiet – ideal for hospitals and retirement homes
- Sophisticated ergonomics and intuitive display – easy to read and operate
- Simple tank cleaning – for high value retention and optimum hygiene

Quiet: cleaning should be seen, not heard

Drivematic machines come with suction air soundproofing as standard. And the "Silent Kit" is a very useful addition. This optional extra considerably reduces the noise emissions from your machine – an important consideration for hospitals and retirement homes.

Tank cleaning: quick and hygienic

Value-retention begins with cleanliness – that also applies to your machine fleet. This is why both Drivematic machines come with a special service opening, through which the tank can be thoroughly cleaned. This is not only hygienic, it also improved prolongs the service life of your cleaning machine.

Special benefit Delight model: ready for use anywhere

With a width of just 85 cm, the Delight will fit comfortably into any elevator. Even those hard to reach checkout lanes pose no problem. The Drivematic Delight is incredibly agile, meaning it is able to clean even narrow passages.

Drivematic Delight|Delarge
For gleaming floors. And gleaming eyes.

wetrok®

Simple technology that delights

Staff value intuitive handling. And you value the efficiency of your staff. This is why Wetrok has developed the Drivematic Delarge and Drivematic Delight. Both machines allow for even faster cleaning of large areas. While compact dimensions and a small turning circle ensure maximum flexibility.

The Drivematic Delarge with its amazing area performance is especially suited for cleaning large areas.

The Drivematic Delight on the other hand has an impressively small turning circle. Areas such as elevators or check-out areas that are hard to manoeuvre around pose no problem at all. The ergonomic seat allows your staff to get going right away – no seat adjustments necessary.

Display: simply logical

Ready, steady, go – How the Drivematics work. The display on our ride-on machines is completely intuitive and incredibly easy to operate with just a few buttons. It is as simple as: climb on, turn on, clean.

Ergonomic: A joy for all

Perfectly ergonomic – one of the highlights of our two ride-on machines. The machines have a low access height, generous legroom, and a comfortable seat, guaranteeing a perfect sitting position for any body height. Comfortable and practical.

Dosage system: it's all about the right mixture

Smart and economical – our optional dosage system. This system is not only sophisticated and fully automated, it also saves water and chemicals – day after day. Simply put: The dosage system pays for itself. Good for the environment and for your budget.

Quick-Refill: Easy-to-fill water tank

Extra-convenient, ultra-practical – Quick-Refill and the integrated hose coupling allow you to fill the tank with a normal garden hose. Once the fresh water tank is full, the water supply is stopped automatically.

1.65 m
Turning circle

Extremely agile

The extra-small turning circle allows for fast and flexible handling. The machine is able to turn and move effortlessly in narrow spaces and corridors. Narrow passages and wide areas, corridors and cellar spaces with corners and ramps: Drivematic machines can be used anywhere.

10%
Incline

Inclines: All the way to the top

Ramps, inclines, ascents – Drivematic machines keep going where others can't. The duo is so powerful that there is no loss of scrub-drying performance even at inclines of up to 10%. Onwards and upwards!

5
seconds

Brush change at the push of a button

No fumbling, no dirty hands: The automatic brush change is not only clean, it is also convenient. The brush housing of both Drivematic models can be lowered and lifted from the comfort of the driver's seat at the push of a button. Your pads and brushes are picked up automatically, and ejected just as quickly after use.
