# Wetrok Granusan forte

Basic sanitary cleaner

## Recommended dosage (in cold water):

**Basic cleaning**  
1 stick for 4 l of water

**Foam cleaning by hand**  
1 stick for 1 Wetrok foam bottle

## Benefits:

Innovative, highly acidic granulate cleaner for the removal of limescale and general soiling. Ideal for medium to high water hardness. Enables savings in storage and transport costs, as well as 100% dosing accuracy.

## Application:

For the basic cleaning of washable and acid-resistant surfaces (sanitary porcelain, fittings, ceramic tiles, bathrooms, shower rooms, washrooms and toilet rooms, etc.).

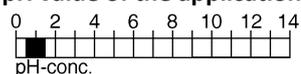

## Please note:

Add the cleaning granulate to a filled foam bottle, close and shake the foam bottle vigorously for 30 seconds to completely dissolve the granulate. Wetrok Granusan forte is not suitable for acid-sensitive surfaces (limestone, marble, clinker, aluminium, etc.). The exterior of the sanitary fitting must not be warm when cleaning.

## Properties:

Pre-portioned cleaning granulate  
Dissolves very quickly  
Highly acidic (in application solution)  
Non-perfumed  
High-lather  
Dyed red  
Not corrosive towards chrome-plated sanitary fittings

## pH value of the application solution:

## Important ingredients:

Surfactants, acid, corrosion inhibitor, dye

## Storage / Shelf life:

Store in original container in a cool, dry place. Shelf life of sticks (unopened): 48 months. Use mixture within 7 days.

## Recommended application methods:

### Damp wiping (by hand)

Soak cloth with cleaning solution and then wring it out well. Wipe the entire surface with the damp cloth.

### Damp wiping (with foam, by hand)

Apply the cleaning foam in an "X" form on a folded cloth, then damp wipe the surface (use the fold technique).
