Wetrok Plexistar Pro

Surface cleaner for acrylic glass

Recommended dosage:

Maintenance cleaning
Undiluted

Benefits:

Surface cleaner for acrylic surfaces and flat screens that is gentle on materials (confirmed by an independent testing institute). Removes greasy dirt, fingerprints and dust. Evaporates without leaving residue, for a streak-free result. Compatible with the spray method.

Application:

For maintenance cleaning of washable surfaces (acrylic glass, plastics, glass, tiles, etc.).

Please note:

Wetrok Plexistar Pro is made with high-quality deionised water (conductivity <math>< 20 \mu\text{Siemens}</math>). Streak-free drying is guaranteed.

An independent test institute has confirmed the following materials for cleaning with Plexistar Pro:

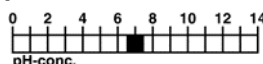

Plexiglass, acrylic glass, flat screens, PC plastic (polycarbonate), ABS plastic (acrylonitrile-butadiene-styrene copolymer).

Do not use Wetrok Plexistar Pro in combination with a microfibre cloth, as this will have an abrasive effect on smooth surfaces and can therefore lead to scratching.

Properties:

Non-foaming
pH neutral
Lightly perfumed

pH value of concentrate:

Important ingredients:

Fragrances, preservatives (methylisothiazolinone, benzisothiazolinone)

Storage/shelf life:

Store in original container in a cool, well-ventilated place.
Protect from frost. Keep container closed when not in use.
Shelf life (unopened): 24 months.

Recommended application methods:

Damp wiping (by hand)

Spray the cleaning solution on a dry folded cloth. Wipe the entire surface with the damp cloth.

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
