Wetrok Acrylstar

Material-friendly surface cleaner for acrylic glass surfaces and flat screens - ready to use

Wetrok Acrylstar

pH value (Concentrate): 6.5–7.5

Important ingredients:

Fragrances, Preservatives

Recommended dosage:

Maintenance cleaning

Undiluted

METHODS
finder

APPLICATION

- For cleaning washable surfaces (plastic, glass, tiles, etc.)
- Suitable for regular cleaning of acrylic glass surfaces and flat screens (confirmed by an independent testing institute)
- For removing greasy dirt, fingerprints and dust
- Evaporates without leaving residue for a streak-free result

PROPERTIES

- Non-foaming
- pH-neutral
- Lightly scented
- Gentle on materials
- Cleans without leaving streaks

GOOD TO KNOW

- Using high-quality, deionized water (conductivity < 20 µ Siemens) ensures streak-free drying
- Suitability for regular cleaning of various plastic materials was confirmed by an independent test institute (acrylic glass, flat screens, PC plastic, ABS plastic)

PLEASE NOTE

- Do not use in combination with a microfibre cloth, as this will have an abrasive effect on smooth surfaces and can cause scratches

RECOMMENDED APPLICATION METHOD

Damp wiping (by hand, spraying)

Spray the cleaning solution on a dry folded cloth. Wipe the entire surface with the damp cloth.

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

Durability (unopened): 24 Month
