## Wetrok Eco Calcitin

The certified environmentally friendly WC cleaner - high efficiency thanks to methanesulfonic acid

# Wetrok Eco Calcitin

**pH value (Concentrate):** 0-1

**Important ingredients:**

Surfactants, Acid, Colourant

**Recommended dosage:**

**Maintenance cleaning**

Undiluted

METHODS  
finder

## APPLICATION

- Certified environmentally friendly WC cleaner for washable and acid-resistant materials
- For WC bowls/urinals
- For effective removal of limescale and urine scale
- Red colouring protects against accidental misuse

## PROPERTIES

- Foaming
- Highly acidic
- Lightly scented
- Thick consistency - adheres well to vertical surfaces
- Highly biodegradable

## PLEASE NOTE

- Not suitable for acid-sensitive surfaces (marble, enamel on washbasins, bathtubs, etc.)

## RECOMMENDED APPLICATION METHOD

### Descaling WC bowls/urinals

Using the applicator bottle, squirt WC cleaner under the lip of the WC or urinal. Use the WC brush to distribute the cleaner, allow the product to take effect without letting it dry. Use the WC brush to remove any heavy soiling (wet scrubbing). Then rinse.

## STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use.

*Durability (unopened): 24 Month*

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
