

# PRODUCT DATASHEET

Kitchen cleaning - Basic cleaners

## Gastroforce

High-performance cleaner with excellent emulsification properties; suitable for machine use. The right choice for challenging cleaning tasks on surfaces and floor coverings in kitchen areas

# Gastroforce

**pH value (Concentrate):** 11–12

**Important ingredients:**

Surfactants, Solvents, Soap, Defoamer

**Recommended dosage:**

**Maintenance cleaning**

0.05 l - 0.1 l / 10 l

**Intermediate cleaning**

0.2 l - 0.4 l / 10 l

**Deep cleaning**

1 l / 10 l

METHODS  
finder

**APPLICATION**

- For removing oily and greasy animal and vegetable soiling of all kinds
- For cleaning alkali-resistant, solvent-resistant and washable surfaces (stainless steel, ceramic, etc.) and floor coverings (PVC, natural and artificial stone, clinker, etc.)
- Developed for manual and machine cleaning in the foodstuffs industry (kitchens, canteens, butcheries, production plants and factories, etc.).

**PROPERTIES**

- Excellent emulsification properties
- Contains solvents
- alkaline
- Non-foaming
- Unscented

**GOOD TO KNOW**

- Use with cold water

**PLEASE NOTE**

- Rinse all work implements as well as the tank and conduit systems of scrubber-dryers with clean water after use
- Not suitable for cleaning alkali-sensitive or solvent-sensitive surfaces

**RECOMMENDED APPLICATION METHOD**

**Scrub drying in a single work step**

Pour the cleaning solution into the fresh water tank. Remove any loose dirt by means of dust-binding mopping/dry vacuuming. Scrub-dry the floor covering thoroughly with a scrubber-dryer and a suitable pad or brush.

**Wet mopping, single work step**

Remove any loose dirt (e.g. dust-binding mopping/dry vacuuming). Soak the mop with cleaning solution, wring it out well, or use a pre-wetted mop. Wet mop the floor covering.

**Wet wiping (by hand)**

Wash the dirty surface with cleaning solution. Wet scrub using a suitable hand pad or brush. Use a cloth to remove the dissolved dirt and the remaining cleaning solution. Rinse the cleaned surface with clean, cold water and wipe it dry as needed.

**STORAGE**

Store in original container at 15 to 25°C with good ventilation and protected from sunlight. Keep container closed when not in use. Protect against frost.

*Durability (unopened): 24 Month*
