

PRODUCT DATASHEET

Sanitary cleaning - Basic cleaners

Wetrok Granusan forte

Innovative, highly acidic basic sanitary cleaner for removing limescale even where water hardness is high - granulate cleaner

Wetrok Granusan forte

APPLICATION

- Highly acidic basic sanitary cleaner for removing limescale and all types of soiling
- Suitable for high water hardness
- For the basic cleaning of washable and acid-resistant surfaces (sanitary porcelain, fittings, ceramic tiles, bathrooms, shower rooms, washrooms and WC rooms, etc.)

PROPERTIES

- Highly acidic (in application solution)
- Pre-portioned cleaning granulate
- High-lather
- Unscented
- Dyed red
- Biodegradable in accordance with OECD 302b
- Not corrosive towards chrome-plated sanitary fittings

GOOD TO KNOW

- Use prepared mixture within 7 days

PLEASE NOTE

- To dissolve, close the foam bottle and shake vigorously for 15-30 seconds
- Not suitable for acid-sensitive surfaces (limestone, marble, clinker, aluminium, etc.)
- The exterior of sanitary fittings must not be warm when cleaning

RECOMMENDED APPLICATION METHOD

Damp wiping (by hand, using a bucket)

Soak the cloth with cleaning solution and then wring it out well. Wipe the surface with a damp cloth.

Damp wiping (manual foaming)

Apply the cleaning foam in an "X" form on a folded cloth, then damp wipe the surface (using the fold technique).

STORAGE

Store the sticks in the original container at 15 to 25°C in a dry place.

Durability (unopened): 48 Month

pH value (Concentrate): –

Important ingredients:

Surfactants, Acid, Corrosion inhibitor, Colourant

Recommended dosage:

1 stick for 4 l of water

1 stick for one foam bottle
