

PRODUCT DATASHEET

Floor cleaning - Maintenance cleaners

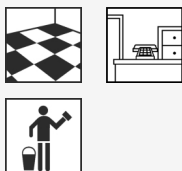

Wetrok Reshine Sport Booster

Specialist cleaner for removal of adhesive agents

Wetrol Reshine Sport Booster

pH value (Concentrate): -

Important ingredients:

Solvents, Thickening agents

Recommended dosage:

Deep cleaning
undiluted

METHODS
finder

APPLICATION

- High-performance spot cleaner
- For removal or pre-treatment of stubborn adhesive soiling on washable, solvent-resistant surfaces (goal posts, benches, door handles, changing rooms, floors, etc.)
- No contact time

PROPERTIES

- High solvent content
- Thick consistency
- Adheres to vertical surfaces

GOOD TO KNOW

- Removes label or adhesive residue from metals, glass, ceramic, and hard plastic surfaces

PLEASE NOTE

- Use a disposable cloth or pad
- Check material compatibility with court markings and surfaces in an inconspicuous location
- Prolonged contact time may cause changes to non solvent-resistant surfaces or older court markings

RECOMMENDED APPLICATION METHOD

Damp wiping (by hand)

Soak the cloth with cleaning solution. Wipe the surface thoroughly with a damp cloth. If necessary, scrub wet with a suitable hand pad. Rinse cleaned surface with a damp cloth.

STORAGE

Store in original container at 15 to 25°C with good ventilation and protected from sunlight. Keep container closed when not in use.

Durability (unopened): 24 Month

Wetrol AG shall have no liability whatsoever for damage caused by incorrect use. Please observe the specific cleaning and care instructions that were delivered with the product.
