METHODS
finder

APPLICATION

Particularly mild liquid soap based on synthetic surfactants. pH value 5.5. Unscented, no colourants and no preservatives. Perfect for use in the food sector. Certified environmentally friendly (Nordic Ecolabel). Packaged under sterile conditions in a disposable sachet with dispensing valve.

PROPERTIES

- Unscented
- No colourants
- No preservatives
- Certified environmentally friendly (Nordic Ecolabel)
- pH balanced
- Dermatologically tested
- Sterile packaging in disposable sachets

GOOD TO KNOW

- Best hygiene standard due to air-tight sachet system with integrated dispensing valve
- The collapsing sachets ensure ideal emptying (>98%) for optimized use of the product contents and reduced waste
- The tare weight of a 700 ml sachet is only around 11 g in comparison with a traditional dispenser bottle with a weight of around 70 g

PLEASE NOTE

- Compatible only with 700 ml Sterisol dispenser system

STORAGE

Store in original container at 15 to 25°C and protected from sunlight. Keep container closed when not in use. Protect against frost.

Durability (unopened): 24 Month

Wetrok AG shall have no liability whatsoever for damage caused by incorrect use. Observe special cleaning and care instructions from the floor covering manufacturer.
