# Wetrok Resinox

Abrasive liquid cleaner

## Recommended dosage:

**Maintenance cleaning**  
Undiluted

## Benefits:

For removing stubborn soiling.

## Application:

For cleaning washable surfaces (stainless steel, ceramic tiles, enamel, etc.).

## Please note:

Shake Wetrok Resinox well before use!

## Properties:

Slightly alkaline  
Lightly perfumed

## pH value of concentrate:

## Important ingredients:

Surfactants, abrasives, fragrance, preservatives

## Storage/shelf life:

Store in original container in a cool, well-ventilated place.  
Protect from frost. Keep container closed when not in use.  
Shelf life (unopened): 24 months.

## Recommended application methods:

### Wet wiping (by hand)

Apply Resinox onto a damp cloth or directly onto the surface to be cleaned and clean the surface (by wet scrubbing). Rinse the cleaned surfaces and utensils with water and dry them off.
