Wetrok Shampoo

Carpet cleaners

Benefits:

pH-neutral carpet cleaning product for all water-resistant wool and synthetic carpets.

It forms a powdery residue on drying, which can be easily vacuumed up.

Application:

For basic and intermediate cleaning of textile floor coverings.

Please note:

An ideal deep cleaning of the carpet can be achieved within one basic cleaning when combined with a subsequent spray extraction.

Properties:

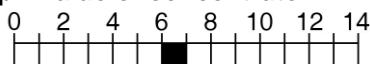

High-lather

pH neutral

Lightly perfumed

Without brighteners

pH value of concentrate:

Important ingredients:

Surfactants, polymers, fragrance, preservatives

Recommended dosage (in cold water):

Intermediate cleaning

0.5 l – 0.8 l / 10 l

Basic cleaning

1.0 l – 1.2 l / 10 l

Storage/shelf life:

Store in original container in a cool, well-ventilated place.

Protect from frost. Keep container closed when not in use.

Shelf life (unopened): 24 months.

Recommended application methods:

Wet shampooing

Dry- or brush-vacuum the entire textile floor covering. Pre-treat any stains with Wetrok Karpothek. On a separate piece of carpet use a single-brush machine and shampoo brush to develop a lather. Work on the edges and corners with a soft hand brush, beat in the lather, do not rub! Shampoo the floor covering with the single-brush machine in circular movements. Brush the carpet pile with a pile brush and allow the covering to dry completely. Vacuum the floor covering dry using a brush or dry vacuum cleaner.
