## General instructions for cleaning and care

### no.37 Stone carpet (epoxy-glued)

#### Information about the flooring

Wetrok AG cannot accept any liability for damages due to improper use.  
For security information, see the safety data sheet at [www.wetrok.ch](http://www.wetrok.ch).  
Wear protection: gloves, safety goggles, work clothes  
Follow the information and remarks on the label, product data sheet and material safety data sheet.  
The product data sheet describes the product and gives information about its application, storage. See [www.wetrok.ch](http://www.wetrok.ch)  
The recommended colours of pad and brushes consist to the actual wWetrok product range  
Follow the special cleaning and care instructions of the floor manufacturer  
The cleaning and care instructions are recommendations and suggestions and apply to floorings in object quality.

**Resin-bonded stone carpets are sensitive to organic solvents such as acetone.**  
**As far as possible, only clean when dry. Liquids immediately seep in with a very porous covering.**  
**Do not fill pores and do not coat. A stone carpet is a very porous covering.**  
Clean a stone carpet with a neutral or slightly alkaline cleaner.

Stone carpets mostly consist of quartz pebbles bound with transparent epoxy resin.  
The colour and the appearance of the stone varies depending on its origin.  
Stone carpets are cast without joints or with expansion joints in the object.

Remove loose dirt before every cleaning, damp mop smooth floors and vacuum structured floors.  
Cleaning agents and surface treatments may alter the appearance and properties of a floor's surface.  
Test on an inconspicuous spot to find which product is suitable for your requirements.  
Test beforehand on an inconspicuous spot to see if the cleaning agent or surface treatment damages the floor.  
Dirt-trapping zones, incl. dirt-trapping mats (Wetrok Gardamat) in the entrance, at least 7m long, greatly reduce the amount of dirt tracked into the building.

If you have any questions, please don't hesitate to contact us.
