

Durodisc X Eccentric-Action Machine

The next generation single-brush machine

Many cleaners have reservations when it comes to using standard single-disc machines. To solve this, Wetrok introduces the revolutionary eccentric-action technology. The gentle vibration action, while extremely powerful and productive, is super easy to use, even for inexperienced hands.

With the Durodisc X you get a machine for both light and heavy-duty cleaning tasks, for a wide range of floor types. With its rectangular shape the machine cleans every corner and right up against all edges. The mechanical eccentric movement enables even faster progress with higher area performance. Enjoy fast, effective, ergonomic and professional cleaning results with the new Durodisc X.

New technology for perfectly clean floors

Unlike traditional single-disc machines, the eccentric-action machine gently vibrates. The powerful eccentric drive of the Durodisc X delivers perfect cleaning results faster and with minimal effort.

Suitable for all cleaning staff

Whatever the height or cleaning experience of your staff, the Durodisc X is the ideal companion. Its gentle oscillating forward motion, as opposed to harder to control side-to-side rotation motion, means the machine is safe and easy to use.

No more manual edge cleaning

The Durodisc X is designed to clean all the way to the edge, thanks to its rectangular shape. The eccentric-action machine takes care of all the edge and corner cleaning for you – saving you valuable time and money, day after day.

Folding chassis for ergonomic pad changing

Want to change the pad on your eccentric-action machine or clean the wheels? No problem! There's no more kneeling down with the Durodisc X. Thanks to the folding chassis, you simply set up your machine and do the work in a comfortable, healthy ergonomic position.

Greater occupational health and safety

The Durodisc X prevents the cable getting tangled up on the machine. Since the lower disc does not rotate, it is almost impossible for the cable to wind up or get jammed. Benefit from this improved health and safety at your workplace!

A machine for many methods

The Durodisc X is designed to perform a wide variety of cleaning tasks, from light to heavy-duty, on multiple floor types. Adjust the weight plates, accessories and consumables to match your required method. Let the Durodisc X amaze you with its abilities!

Durodisc X product details

Eccentric-action machine

Overview & Accessories

Manufacturer	Wetrok
Model	Durodisc X
Article no.	20211 (International)

Technical data

Working area (L x W)	35 x 50 cm
Machine weight (without additional weights)	44 kg
Additional weights (optional)	25 (2 x 12.5) kg
Surface pressure on the floor	39.4 g/cm ²
Dimensions (L x W x H)	65 x 51 x 130 cm
Motor speed	2850 rpm
Motor output	1100 W
Noise level	78 dB(A)
Voltage	230 V
Frequency	50 Hz
Power cable length	12.5 m

Accessories

21176	Water tank, 14 litres	1 pc.
21211	Set of additional weights, 25 kg	1 pc.
21213	Locking bolt kit	1 pc.

Consumables

22189	Red scrubbing pad 50 x 35cm	5 pcs.
22190	Blue scrubbing pad 50 x 35cm	5 pcs.
22191	Green scrubbing pad 50 x 35cm	5 pcs.
22192	Black scrubbing pad 50 x 35cm	5 pcs.
22193	Microsol fibre pad 50 x 35cm	5 pcs.
22420	Abrasive mesh 60, 50 x 35cm	1 pc.
22422	Abrasive mesh 80, 50 x 35cm	1 pc.
22424	Abrasive mesh 100, 50 x 35cm	1 pc.
22426	Abrasive mesh 150, 50 x 35cm	1 pc.
